540-332-2244 (FAX)

---

The Student Health Center staff manages the medical and dental records of VSDB students. It is a requirement of our licensing board to have a yearly dental report from your child's dentist. Please take a dental form each time your child goes to the dentist and have the dentist complete it. Your dentist is welcome to mail or fax the form to the Student Health Center when completed. Please feel free to call us when you need a form at 540-332-9027 (Voice or TDD) or 540-332-9026. Our fax number is 540-332-2244.
